Maryland field hockey set to continue attack

Field Hockey

By Eddie Timanus
USA TODAY

When a team is defending a national championship, coaches often break out phrases like "Do it again," or "Stay on top." But you won't hear that kind of talk very often around the Maryland field hockey team.

"I think the obvious would be to use words like repeat or 'expectations' or 'performance.' As coaches, we've stayed away from that," says Terrapins coach Missy Meharg. "We started last spring really talking about a certain way of playing, consistently recognizing that we needed to set standards against the '99 championship team."

All but two players are back from that championship squad and this year's version has picked up where the '99 edition left off.

"We've really emphasized playing the brand of attacking hockey that excites us," Meharg says. "We're a really good, ball-control, breaking team, and maybe being a good, ball-handling team is one tweak we'd like to make from the '99 team."

With returning All-Americans Carla Tagliente and Rachel Hiskins leading the charge, Maryland is a prolific scoring team, though not all its wins were easy. The Terps need-

ed double overtime Sept. 3 to defeat perennial power Old Dominion, 5-4. Old Dominion was the last team to beat the Terps before the current winning streak of 22.

"We found a few things we needed work on that game against longtime Old Dominion coach Sue Anders. I guess that's what we got paid to do, right?"

Old Dominion seeks an unprecedented ninth NCAA title.

Senior scoring machine DiGiacomo is back for Old Dominion with a chance to become the first known participant in sport to be named Player of the Year in her conference (the Colonial Athletic Association) four times.

"Her biggest asset is that she makes everyone around her better," says Anders. "We don't need to do as a team is to make sure we look good and take advantage of her abilities."

The rapid rise of the Maryland program has created another contender. The Wolverines reached the NCAA tournament for the first time last season and made it all the way to the championship game.

"Every year I've been at Maryland, the team has raised the bar for themselves," says coach Pariyarz. "Last year they could do that. Now they expect it to be there every year. It's more difficult, but it's a good position to be in."

Terps Extend Win Streak to 25

By Jeff Sagel
Special to The Washington Post

The Maryland field hockey team experienced a little bit of everything yesterday against Old Dominion. The Terrapins fell behind by two early, blew a two-goal lead late and just couldn't seem to shake the stubborn Monarchs.

But Rachel Hiskins used some extra effort to score her third goal of the game 1 minute 25 seconds into double overtime to give top-ranked Maryland a wild 5-4 victory over No. 3 Old Dominion at College Park's Artificial Turf Facility.

Maryland (3-0), the defending national champion, won its 25th straight game. Old Dominion (2-1) was the last team to defeat Maryland, handing the Terrapins a 5-3 loss on Sept. 6, 1999, in Norfolk. The Terrapins rebounded to win their final 22—including two over the Monarchs—en route to the national title, which Old Dominion won in 1998.

Hiskins has scored eight goals in Maryland's first three games and made a spectacular individual effort to score the winning goal.

With the teams playing seven-on-seven in the overtime, Hiskins tried for a ball near Old Dominion goalie Marybeth Freeman. The goalie tried to kick the ball away, but Hiskins intercepted, spun quickly and put a shot between Freeman's legs into the goal.

"For some reason, I like playing Old Dominion," Hiskins said. "They play our style, and we're playing each other's games."

Hiskins scored twice in the final 10 minutes of the first half to spark Maryland's comeback from an early 2-0 deficit. Angie Klingerman gave the Terrapins a 3-2 lead 2:59 into the second half. Carla Tagliente added what appeared to be an insurance goal with 24:31 left.

But the Terrapins couldn't stop Old Dominion's Marina DiGiacomo, who scored the Monarchs' first goal and sliced the lead to 4-3 with 9:17 left. DiGiacomo then sent the game into overtime by blasting a 10-yard shot past Maryland goalie Ashley Hohenstine (Oakton High) with 37.8 seconds left.

The Terrapins dominated play in the overtime, coming up with numerous scoring chances before Hiskins got the winner.

Maryland Coach Missy Meharg said she wasn't happy about the way her team lollygagged through the first 20 minutes. But she liked their comeback.

"We needed to play an awesome team," Meharg said. "We really played as a team when [we] most needed to. These women, they'll put it to the test."

Meharg had gently prodded the Terrapins to get back faster on defense during a timeout 20 minutes into the game, and Maryland snapped out of its funk and scored the next four goals. The Terrapins outshot the Monarchs 25-9.

Maryland field hockey is extensively covered by local and national media including ESPN, USA Today and the Washington Post.

It's a family affair at Maryland. Autumn Welsh hugs her younger sister after a win.

new season, same goals for terp field hockey

Returnees, newcomers have sights set high in 2001

For the Maryland field hockey team, the newness of the 2001 season holds an air of familiarity.

The 2001 campaign brings a new look to the schedule, with a road trip to California and visits from Midwestern schools. Nine new names dot the Maryland roster, and each will try to make an impact in the Terps' new-look offense or backfield. The Terrapin sideline takes on a different appearance, with the addition of Olympian **Andrew Griffiths** to the coaching staff. Plans are on the table for an upgrade to the Terps' home facility, as new water-base turf will be added by the beginning of next season. Yet with all of the new happenings around the Maryland hockey program, one thing does not change. The Terrapins begin 2001 regarded as one of the top teams in the nation, and hope to contend once again for a national title in November.

"The concept is a transition *from* greatness *to* greatness," stated three-time national coach of the year **Missy Meharg**. "Putting ourselves in a position to be national champions is what this program is all about."

A season ago, the Terrapin field hockey team faced a daunting task. Returning the entire starting lineup from its 1999 NCAA championship team, Maryland was the favorite to repeat in 2000 and had to face all of the expectations and challenges that go with being the "team to beat." Last season's third straight ACC championship and second consecutive NCAA semifinal was impressive by almost anyone's standards, but the Terrapins were left just a little unsatisfied.

The 2001 Maryland team wants to establish a standard of its own. Amidst the changes and challenges of the new season, Maryland will strive to continue its winning tradition, vie for the national title and attempt to raise the bar for NCAA hockey.

"When you have an opportunity to go to the Final Four, when you have a wonderful opportunity to be a national champion, and when you have the opportunity to win ACC championships for multiple years," said Meharg, "I believe the key is to stay in the present and be very focused on the way we play and compete. We will continue with our attacking, risky style, and play the brand of hockey that is exciting for the players, coaches and spectators."

Success for the 2001 Terrapins will depend on how well the already accomplished upperclassmen mesh with the promising newcomers. All will need to be ready to contribute, and consistent with that theme, each member of the Maryland squad will experience captaincy at different points during the season.

The 2001 rookies will benefit from the championship experience of Meharg's seasoned veterans. A school-record tying and NCAA-most six All-Americans were selected from the 2000 squad, with three returning to lead Maryland to an elite level of hockey this season.

A trio of senior All-Americans carry the Terrapins into 2001. **Rachel Hiskins** and **Caroline Walter**, both two-time honorees, return to lead the Terrapin offense during their final campaigns, while **Autumn Welsh** captains the defense.

Midfielder Hiskins' ACC-leading point totals from the last two seasons, 67 and 62 respectively, rank as the top and third-place single-season efforts in school history. Walter, meanwhile, was the ACC Player of the Year in 1999 and pulled in All-ACC and All-NCAA Tournament accolades last season. She is recovering from off-season surgery on her thyroid.

"Rachel is probably one of the most dynamic players ever to play in College Park. She is a beautiful player to watch and will be a beautiful player for the freshmen to follow," stated Meharg. "And Caroline is a fierce competitor coming into her senior year in a position to lead the attack after a bit of a tough time physically."

Welsh once again anchors the Maryland backfield. The two-time All-ACC selection and 2000 ACC Tournament MVP will captain the young defensive unit from which the Terrapin attack is generated. A testament to Welsh's ability came in February with her selection as the 11th Terp all-time to play on the U.S. National Field Hockey Team.

"We have lost a lot in our backfield to graduation," said Meharg. "But Autumn is a tremendous player who can anticipate and intercept, and her attacking abilities are amazing as well. I have high expectations for her to just be comfortable in a leadership role and have fun with it."

Another senior contributing to Maryland's defensive effort will be **Carol Senkler**, who is experienced at both the back and fullback positions. The two-time NFHCA Academic Squad member and ACC Honor Roll selection has been a reliable and versatile player on the field.

Four-year forwards **Dina Rizzo**, **Megan Kelly** and **Angie Klingerman** return to bolster the Terrapin attack. Rizzo, a two-time Mid-Atlantic all-region selection, scored a career-high 11 goals and 24 points a season ago and looks to have an even better 2001 after a stint as the captain of the U.S. Under-21 team.

"Dina Rizzo has an opportunity to be a leader this season and we're going to see a tremendous year from her," stated Meharg. "She is a vibrant player – enthusiastic, physical and dynamic. From both an attacking and defensive standpoint, Dina creates an energy that spectators love."

Kelly, one of Maryland's greatest athletes in recent memory, will be back on the forward line after a banner year. Maryland's most successful dual-sport athlete, who is a four-time national champion and six-time ACC title-winner on both the field hockey and lacrosse teams, paced all reserves with a career-high seven goals and an assist for 15 points.

Klingerman, like Kelly, gave the Terps energy on the field and points on the scoreboard in a reserve role in 2000. The gritty forward with a "nose for the goal" chipped in six goals and contributed an assist last season and should be a key scoring threat for

preview information

the Terrapins in 2001.

Rounding out Meharg's group of senior leaders is accomplished netminder **Ashley Hohnstine**. In her second season as the Terps' keeper, Hohnstine's 1.16 GAA was the lowest in the ACC for the second year in a row.

Maryland's juniors, sophomores and redshirt freshmen will have to play critical roles on this year's squad to ensure team success.

Junior **Carissa Messimer**, a two-time Mid-Atlantic all-region selection and member of the U.S. Under-21 team, will once again fill one of the Terps' front five positions. The aggressive attacker finished the season as the fourth-leading scorer on the squad after blowing up in the postseason with two goals in the ACC Championship, a pair in the NCAA first round and a score in the national semifinal game. Now entering her third season, Messimer continues to develop into more of a complete player.

"Carissa is an elite-level athlete with a high intellect for the game," commented Meharg. "She has really worked hard on transition and has become a very good defender as well."

A healthy **Kateri Simon** will play a major role in this season's defensive midfield after making the full recovery from four different knee surgeries throughout her career. During the 2000 season, Simon was able to display her speed and versatility in 19 of the Terps' games, and even chipped in with two assists against Towson.

Hardworking sophomore **Dawn Christensen** will look to see time on the Terps' forward line. Christensen's "uncanny risk in front of the goal cage" was evidenced by the first score of her career last season, when she punched in a tally in her first collegiate playing minutes.

The only true freshman field player to see playing time in 2000, **Catherine Rogers** will play a vital role in the Terps' backfield. The sophomore makes the transition to Maryland's defense after a tremendous spring effort.

Also moving into a key position as a part of the Terrapins' young defense will be redshirt freshman **Sara Silvetti**. After a season on the Terp practice squad, Silvetti emerged as a player with excellent intercepting, passing and hitting skills.

Recently selected to U.S. Field Hockey's A-Camp, redshirt freshman **Courtney Thornton** will vie to fill a backfield spot. Thornton is fully recovered from a fractured finger in 2000 and will look to continue the Terp tradition of attacking defense.

After an incredible summer of conditioning, **Beth Hafer** will look to contribute on the forward line. Hafer's hard work in the weight room will pay off in playing minutes as a part of Maryland's deep attacking unit.

One of the most promising recruiting classes in the history of Maryland's field hockey program, the Terrapin rookies enter the season ready to make an immediate impact.

"We have an incredible freshman class," said Meharg. "We have a variety of positions, with **Kerry Hearsey** from England in the goal cage, **Lucy Morris** in the attacking midfield from Australia, **Kristin Harris** in the back and U.S. Under-19 team members **Colleen Barbieri** and **Emily Boyer**. The freshmen are all great, and it's going to be fun putting this team together."

Hearsey, a member of the British Under-21 squad, will benefit from Hohnstine's experience as well as challenge the senior for playing minutes. Athletic newcomer **Tori Cano** will add depth as she develops as a goalkeeper.

Barbieri, Boyer and U.S. Field Hockey A-Camp selection Harris all capped their careers with high school All-America honors. Their speed and athleticism will help them to contribute immediately at the forward, midfield and back positions, respectively.

Australian Morris, an experienced member of her country's national youth squad, should also be an immediate factor in the Terps' vaunted attack. Her disciplined shot selection and uncanny ability to find the net has caught the eye of the coaching staff.

The versatile and athletic **Amber McQuillan** and local standout **Christina Pernia** will also look to contribute offensively. Medical redshirt **Laura Blongiewicz** will work her way into Maryland's attack while taking time off this season to rehabilitate from knee surgery.

The Maryland program continues to challenge itself with a rigorous schedule in 2001, and will travel to different reaches of the country to take on the toughest competition. Highlights include the season-opening West Coast swing to Stanford University for a three-game set, and the Terps' traditional home-and-away series with defending national champion Old Dominion. Maryland's ACC slate will once again bring on the challenges of the most elite field hockey conference in the nation.

"I am really excited about the formidable schedule for the 2001 season," stated Meharg. "We're embarking on a new era of Maryland hockey, with a revitalized coaching unit, a strong senior class and great incoming freshmen who will be challenged by this level of competition."

Maryland

3-time national coach of the year

Missy Meharg could be thought of as a coach who has led the Maryland field hockey program to two NCAA titles and five national semifinal appearances. She could be referred to as a coach who has won four Atlantic Coast Conference championships and three in a row as the Terps' mentor. She might also be known as the coach who has tutored 48 All-Americans on the field and 102 ACC academic honor roll student-athletes outside the lines. Further, she could be recognized for the fact that she has developed 31 players who have competed internationally or that four of her current players are studying within the nationally recognized honors curriculum at Maryland.

The extraordinary numbers are as much a part of Meharg as she is a part of the numbers, but she is much more. As gifted an educator as she is a coach, Meharg recognizes the ability of athletic competition to teach life lessons. The mentor emphasizes the characteristics of sports that can be used as a vehicle to develop successful lifelong qualities.

"Empowering the student-athletes to develop character traits that transcend athletic performance can shape the manner in which the athletes approach everyday life experiences," says Meharg. "A successful life . . . lends the opportunity to be a national champion. Keeping hockey fun is vital."

Meharg has played an integral role in all three of Maryland's national championships. She has been the head coach for the last two titles (1993 and 1999) and was an assistant coach during the Terps' first run to the national title (1987). Accolades have come for Meharg in the form of three NFHCA Coach of the Year awards (1991, 1993 and 1999), three ACC Coach of the Year honors (1992, 1995, 1998) and six Mid-Atlantic Regional Coach of the Year citations. She enters the 2001 season 14th on the NCAA all-time coaching victories list with 207 wins in 13 seasons. Last year the Terrapins claimed Meharg's 200th victory at Rutgers on Oct. 11, and helped her to surpass her former mentor, Mary Ann Hitchens of Delaware. She has been Maryland's all-time wins leader since 1998.

During her tenure at Maryland, Meharg has coached 31 players who have competed on the international level, including 11 that have represented the United States on the senior national team. In 1996, Meharg served as an assistant coach as former Terp All-American Kate Kauffman and the U.S. squad competed in the Olympic Games in Atlanta.

The Terps have been represented in the Olympics, the Pan American games, the World Cup, the Olympic Qualifying tournament and many other international competitions. This past year, former Terp stars Kate Kauffman and Carla Tagliente were joined by senior Autumn Welsh on the 2001 U.S. team that took silver at the 2001 Americas Cup in Kingston, Jamaica. In addition, current Terps Dina Rizzo and Carissa Messimer competed with the U.S. Under-21 squad at the Junior World Cup in Buenos Aires, Argentina, this past May.

Meharg's collegiate playing career was nearly as successful as her coaching career is now. She was a two-time All-America forward at the University of Delaware, where she also played lacrosse, from 1981-84. She was a Honda Award nominee (in field hockey), which is the annual honor given to the most outstanding college player of the year. The Blue Hens won the NCAA lacrosse title in her sophomore year. She competed in four NCAA championship semifinal rounds in field hockey and lacrosse.

Meharg enjoyed an impressive seven-year playing career with the U.S. National Team from 1985-91. During that time, she was a member of the 1986 World Cup team and an alternate to the 1987 Pan American and 1988 Olympic teams. She capped her playing career as a member of the 1991 Pan American team and the 1991 U.S. squad that unfortunately missed qualifying for the 1992 Olympics in Barcelona.

Meharg is an accomplished and experienced coach on the international stage. She was a member of the U.S. National Team's coaching staff from 1993-1997, which included her appearance in the 1996 Olympics, the 1994 World Cup in Dublin, Ireland, and the 1995 Pan American Games in Argentina. In 1994 and 1995 she served as the head coach for the U.S. Under-21 team.

During her career, Meharg has been extensively involved with teaching in the U.S. Field Hockey Association Coaching Certification Program. She has completed two different certification programs, entitled "Olympic Solidarity" and "Preliminary Coaching Course," which are directed by the Federation of International Hockey (F.I.H.). Meharg enjoys doing color commentary work for television and has worked a variety of sports, including field hockey.

Meharg earned a bachelor's degree in health and physical education from Delaware in 1985 and her master's degree in sports psychology from Maryland in 1989. She is the mother of two sons: 10-year old Andre who attends the Norwood School in Bethesda, Md., and nine year old Genya who goes to Defief School in Potomac.

Meharg did you know?

• Heading into the 2001 season, Meharg is 14th all-time in NCAA field hockey coaching victories with a 207-72-9 record. For the all-time list, check out the chart on page 34.

• Meharg is one of four coaches in Division I history to have won multiple national championships in field hockey, joining Beth Anders (9 at Old Dominion), Koren Shelton (4 at North Carolina) and Dione Wright (2 at Connecticut).

Winningest Coach in School History

Missy Meharg became the winningest field hockey coach at the University of Maryland on Sept. 20, 1998 when the Terps defeated the University of Massachusetts, 3-0, in the finals of the Terrapin Invitational.

Meharg, who enters the 2001 season with 207 career victories, surpassed Sue Tyler's previous school record of 153 victories (1974-87) in only 11 years.

steve simpson

Assistant Coach
Maryland 1988
Seventh Season At
Maryland

Steve Simpson begins his seventh season as a Terrapin assistant coach with some new responsibilities. The 1988 Maryland graduate focuses his 2001 duties on the team's internal operations, handling travel and budget issues, in addition to his tasks involving video analysis and tutoring the goalkeepers.

"Steve brings so much to the program," said head coach Missy Meharg. "First and foremost is his coaching. He has an incredible background in video analysis. It is an honor to have him here — this program would not be where it is without Steve Simpson."

Simpson's contributions to Maryland's program are apparent. The Terrapins have played in a school-record six consecutive NCAA Tournaments since his arrival, in addition to the 1999 national championship and three consecutive ACC titles during his six-year association with Maryland hockey.

Simpson came to the University of Maryland as an undergraduate in 1977 after attending school in England for seven years. Simpson boasts extensive international playing, coaching and officiating experience in the sport of field hockey.

Simpson played on the U.S. Under-21 team from 1977-80 and was an alternate to the U.S. National Team in 1981. He competed in four Olympic Festivals (1979, 1981, 1982 and 1983).

In addition to his ongoing experience at Maryland, Simpson has an impressive coaching resume. Simpson was an assistant coach for the U.S. Women's National Team at the 1997 Champions Trophy in Berlin, Germany, and the 1998 World Cup in the Netherlands. The U.S. earned an eighth-place finish at the World Cup tournament. In addition, he was an assistant coach on the 1997 U.S. U-21 men's team.

Simpson has been a coach in the United States Field Hockey Association (USFHA) Futures program since its inception in 1991. He has coached the Under-19 Chesapeake Futures team to the national tournament several times. Simpson coached the Chesapeake Under-19 team to the best record in the 1992 tournament at Boston University and 1994 competition at Wake Forest University.

Simpson has also served as the Coaching and Administrative Director for the Chesapeake Region of the Futures program. He has been an instructor for the USFHA Level One and Two coaching certification programs and has presented topics at the annual NFHCA convention. He has also authored articles that have appeared in the NFHCA newsletter.

In 1985, Simpson became a Federation Internationale de Hockey (FIH) Umpire. He was appointed to umpire the 2001 men's World Cup Qualifying Tournament this past July in Edinburgh, Scotland. Simpson was the first person in North or South America to receive a FIH Indoor Umpire rating and was promoted to the Grade 1 level in June, 2000.

He has served as the head coach of the Washington Wolves Hockey Club since 1990.

andrew griffiths

Assistant Coach
Western Ontario 1995
Fourth Season At
Maryland

After serving as a volunteer assistant in 1998 and as a team consultant from 1999 to 2000, Andrew Griffiths rejoins the Terrapins on the sidelines for 2001. The international mentor and Olympian will supervise external operations for the field hockey program, including marketing, media and facility management, in addition to his role with the Terps' offense and goalkeepers.

"Andrew's knowledge of hockey comes from a combination of international experiences," stated head coach Missy Meharg. "He's competed in the Olympics for Canada and in many World Cups. He's played from the sweeper position all the way up through the forward line and is certainly a set piece master so he'll be able to help tremendously on attack penalty corners."

A 1995 graduate of Western Ontario University, Griffiths' coaching resume includes a stint at the helm of his alma mater from 1990-93. He helped guide the Mustangs to their first-ever Canadian top 10 ranking during his final season.

Griffiths has been a member of the Canadian National Field Hockey Team since 1989. He helped his squad to a tenth-place finish at the 2000 Olympics in Sydney, Australia, and played in the 1990 and 1998 World Cups as well. Griffiths served as the squad's captain from 1992-94, and made appearances at the Pan American Games in 1991, 1995 and 1999.

The coach earned an English degree from Western Ontario in 1995, before obtaining his master's degree in journalism in 1998 from Toronto's Ryerson Polytechnic Institute.

After conceiving and editing the field hockey coaching website offthecrossbar.com, Griffiths founded planetfieldhockey.com, which first went online in the winter of 2000. He remains the editor-in-chief of that interactive international hockey page in addition to his coaching duties.

Andrew Griffths played on the Canadian National Olympic Team at the 2000 Olympics in Sydney, Australia.

kate kauffman

Assistant Coach
Maryland 1997
Fourth Season At
Maryland

A two-time All-American with the Terps and 1996 Olympian with the U.S. National Team, Kate Kauffman enters her fourth season as an assistant coach on Missy Meharg's staff. The Honda Award finalist who captained the Terrapin backfield during her tenure will help train Maryland's young, talented defense in 2001 while continuing her eight-year involvement with America's squad.

"Kate and the Kauffman family have been involved with Maryland hockey for nearly a decade," said head coach Missy Meharg. "As an Olympian and accomplished player, it is an honor knowing that she could probably have any coaching job that she wants but stays involved with the Terrapins."

On the international level, Kauffman is the most honored athlete in Terp hockey history. She has been involved with the national program since 1995 when she helped the U.S. to a bronze medal at the Champions Trophy in Mar del Plata, Argentina. After the Atlanta games Kauffman traveled with the 1997 national team to the Champions Trophy in Berlin, Germany, and the 1998 World Cup in the Netherlands. In 1999 she helped lead the U.S. to silver medals at both the Pan American Games in Winnipeg, Canada, and the Sydney International Hockey Challenge in Australia. An incredible honor came as Kauffman was named 2000 U.S. Field Hockey Athlete of the Year after the national team participated in the Olympic Qualifying Tournament in England. She most recently helped the U.S. to a silver medal at the 2001 Americas Cup in Kingston, Jamaica, and played with the squad at the Korea Telecom Cup.

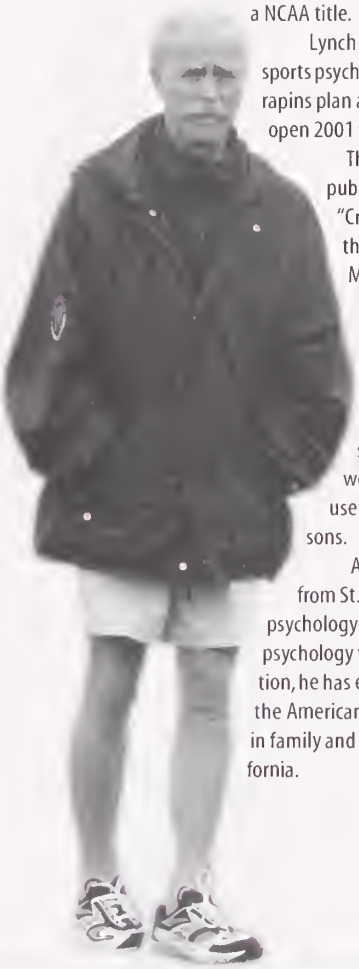
Kauffman was one of Maryland's most decorated players from 1992-1996. She earned All-America first-team honors twice (1994, 1996), All-ACC accolades three times (1993, 1994 and 1996) and was named to the ACC academic honor roll three times (1993, 1994 and 1996). The GTE/CoSIDA Academic All-American helped lead Maryland to the 1993 NCAA Division I championship and the 1992 ACC tournament title.

Kauffman earned a bachelor's degree in marketing from Maryland in 1997.

Dr. Jerry Lynch

Team Consultant
St. Francis
Fourth Season At
Maryland

Jerry Lynch is in his fourth season assisting in the psychological and mental development of the Maryland field hockey program. The prominent sports psychologist has over 20 years of experience and has worked with clients in the PGA, NFL and NBA, as well as numerous collegiate teams, many of which have advanced in postseason play or won a NCAA title.



Lynch runs the Tao Sports Center for Excellence, a sports psychology firm based in Santa, Cruz, Calif. The Terrapins plan an early-season meeting with Lynch as they open 2001 with a West Coast road trip.

The mentor has authored eight books and has published over 75 articles. Lynch's latest book, "Creative Coaching," was published earlier in the year and features Maryland head coaches Missy Meharg and Cindy Timchal.

In 1999, Lynch's expertise aided the Terps' in their quest of the NCAA and ACC championships. He also works closely with the Maryland women's lacrosse program, which has captured an unprecedented seven-consecutive national titles. Maryland's women's basketball and volleyball teams also use Lynch as a consultant throughout their seasons.

After earning his bachelor's degree in English from St. Francis, Lynch earned his master's degree in psychology from Penn State University and his Ph.D. in psychology from the University of Pennsylvania. In addition, he has earned a Ph.D. in comparative religions from the American College of Theology and a master's degree in family and child counseling from the University of California.

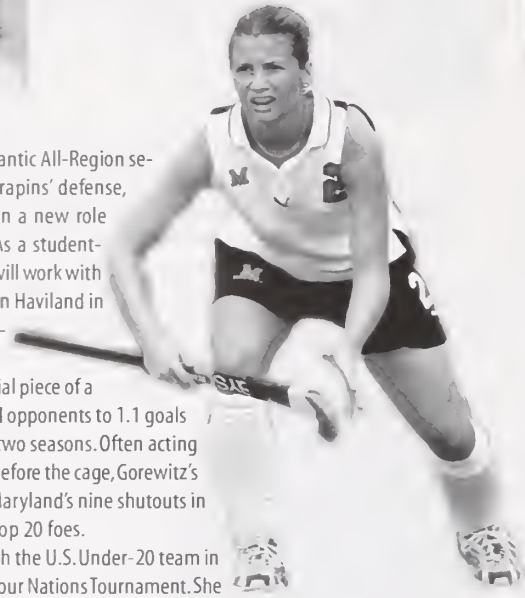
lindsay gorewitz

Student Assistant Coach
Maryland 2001



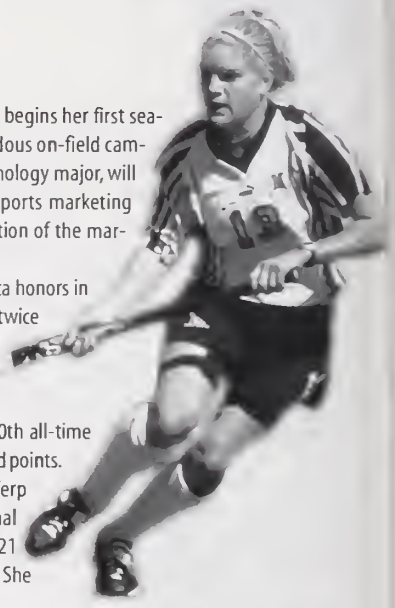
A two-time Mid-Atlantic All-Region selection as part of the Terrapins' defense, Lindsay Gorewitz takes on a new role with the team in 2001. As a student-assistant coach, Gorewitz will work with Andrew Griffiths and Aaron Haviland in the area of game day operations.

Gorewitz was a crucial piece of a Terp backfield that limited opponents to 1.1 goals on 5.8 shots over the last two seasons. Often acting as the last line of defense before the cage, Gorewitz's efforts are evidenced by Maryland's nine shutouts in 2000, including five over Top 20 foes.

Gorewitz played with the U.S. Under-20 team in 1999 that traveled to the Four Nations Tournament. She finished her career with two assists and one defensive save out of the backfield, and is scheduled to graduate in December with a bachelor's degree in criminal justice.

keli smith

Student Assistant Coach
Maryland 2001



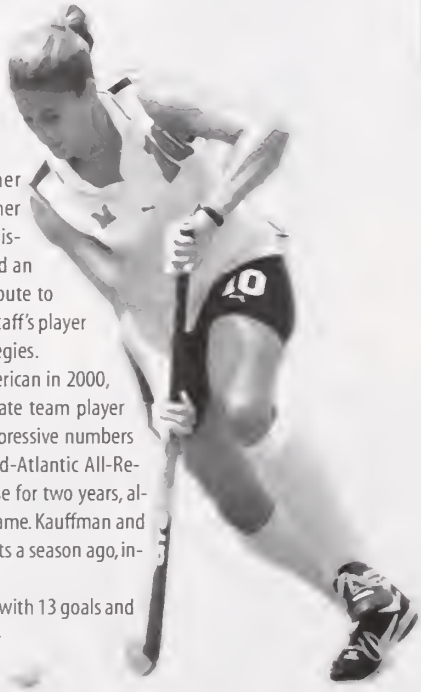
Three-time All-American Keli Smith begins her first season in a coaching capacity after a tremendous on-field campaign. Smith, a communication and psychology major, will work chiefly with Andrew Griffiths and sports marketing assistant Wyatt Hicks on the implementation of the marketing plan for the 2001 hockey season.

Smith achieved first team All-America honors in 2000 after being named to the second team twice and the Mid-Atlantic All-Region squad four times. A starter in every game of her collegiate career, Smith finished her tenure ranked 10th all-time in Maryland goals, and seventh in assists and points.

Smith served as tri-captain of the Terp squad last season after gaining international experience as the captain of U.S. Under-21 and Under-20 squads in 2000 and 1999. She will graduate in December.

molly kauffman

Student Assistant Coach
Maryland 2002



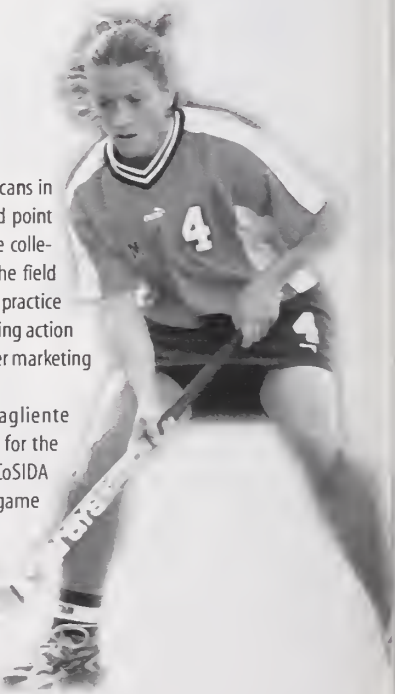
Molly Kauffman continues her family's legacy at Maryland by joining her sister and the Terrapin squad as an assistant coach. Kauffman, having developed an interest in instructing, will both contribute to and learn from the Maryland coaching staff's player development and game situation strategies.

Kauffman, a second team All-American in 2000, was a two-year captain and consummate team player throughout her career. After posting impressive numbers as a forward in 1998, the three-time Mid-Atlantic All-Region selection anchored the Terp defense for two years, allowing only 1.1 goals on 5.8 shots per game. Kauffman and Maryland's backfield posted nine shutouts a season ago, including five against Top 20 opponents.

Kauffman finished her Terp career with 13 goals and 21 assists for 47 points, and three defensive saves. She plans to graduate in the spring of 2002 with a degree in elementary education. Internationally, Kauffman served as a team captain of the 1999 U.S. Under-20 squad as it participated in the Four Nations Tournament in Piscataway, N.J. She also played with the U.S. Under-19 team in 1998.

carla tagliente

Student Assistant Coach
Maryland 2001



One of only two four-time All-Americans in Terrapin history, all-time leading goals and point scorer Carla Tagliente brings her impressive collegiate and international playing career to the field hockey sideline. Tagliente will assist during practice sessions and game situations while continuing action with the U.S. National Team and finishing her marketing and finance degree on campus.

The complete student-athlete, Tagliente closed out her college tenure as a finalist for the Honda Award and three-time Verizon/GTE CoSIDA Academic All-American. She started every game of her collegiate career, finishing with a school-record 73 goals and 187 points. Tagliente was named to the All-Region and All-ACC squads four times and was voted ACC Rookie of the Year in 1997.

Tagliente's involvement with the U.S. Field Hockey Team dates back to 1997. She was a member of the qualifying team for the 2000 Sydney Olympics, and played with the senior national team in the 2001 Korea Telecom Cup and Americas Cup as well.

Terps claim 2000 acc title; reach ncaa semifinals

Terps Reach Second Consecutive National Semifinal

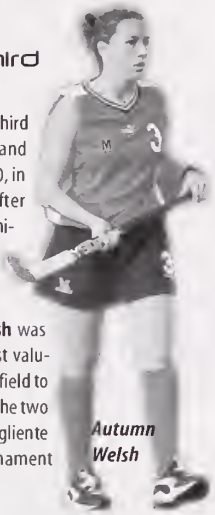
The Maryland field hockey squad posted a 19-4 record in 2000 en route to its third consecutive ACC championship and second straight appearance in the national semifinals. Although the Terrapins' arduous goal of a second consecutive NCAA title went ultimately unfulfilled, the challenge of contending for a second straight national championship was certainly met as the Terps were among the final four teams for the sixth time in school history.

The appearance in the 2000 NCAA tournament was the sixth in a row and 12th overall for Maryland's program. Maryland owns a 19-10 NCAA tournament record and set a school record six-game NCAA win streak over the last two seasons. Forward **Caroline Walter** was named to the 2000 NCAA All-Tournament team.

Maryland Wins Third Straight ACC Title

The Terrapins captured their third consecutive ACC Tournament title and fourth overall, defeating Virginia, 3-0, in the Nov. 5 championship game after downing Wake Forest, 3-1 in the semifinal. Maryland has been crowned the conference champion in 1992, 1998, 1999 and 2000.

Defensive back **Autumn Welsh** was named the ACC Championship's most valuable player, helping the Terrapin backfield to allow only one goal on eight shots in the two games. Caroline Walter and Carla Tagliente were also selected to the All-Tournament team.



Autumn Welsh

Meharg Reaches 200 Wins

Maryland's 6-3 victory over Rutgers (Oct. 11) was a special one for **Missy Meharg**, who reached 200 career victories as a head coach with the win. The Terp mentor entered her 13th season at Maryland with a 188-68-9 record, and after guiding the Terps to a 19-4 record improved her career slate to 207-72-9.

Meharg's 2000 season record places her 14th all-time on the NCAA career victories list. She is five wins away from the 13th position, currently occupied by Connecticut's Diane Wright.

A Team Of Many Weapons

With an incredibly potent attack, suffocating defense and solid goalkeeping in earning their third consecutive ACC championship and advancing to the NCAA semifinal, the 2000 Terrapins displayed the caliber of hockey that has come to be well known in College Park. The Terp attack, led by All-Americans **Carla Tagliente**, **Rachel Hiskins**, **Caroline Walter** and **Keli Smith**, overwhelmed opponents with 114 goals (4.9 gpg) on 560 shot attempts (24.3 spg), while Maryland's backfield anchored by **Molly Kauffman**, **Lindsay Gorewitz**, and **Autumn Welsh** limited the opposition to 28 goals (1.2 gpg) on 149 shots (6.5 spg).

In the cage, Maryland's junior keeper **Ashley Hohnstine** was solid, posting nine shutouts on the season including five against ranked teams. The Terp keeper boasted an ACC-leading 1.16 goals against average and a .742 save percentage. She made a season-high nine saves vs. then-No. 2 Old Dominion on Oct. 15.

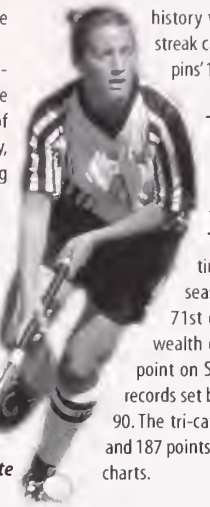
Tagliente: Honda Finalist, First Team Academic All-American

In addition to finishing as a finalist for the Honda Award honoring the most outstanding field hockey player in the nation, midfielder **Carla Tagliente** was among three Maryland student-athletes selected a member of the 15-person Verizon All-America first team. The marketing and finance major's 3.97 grade point average helped her achieve Academic All-America honors three times in her career.

Tagliente's first-team AstroTurf/NFHCA Division I All-American selection resulted in the Honda Award nomination and made her the second four-time All-American in school history. One of the most accomplished field hockey players in Maryland history, she eclipsed the Terps' all-time goals and points records during the 2000 season.

Six Terrapins Garner NFHCA All-America Honors

The Terrapins were honored with the presence of a nation-leading six student-athletes on 2000 AstroTurf/NFHCA Division I All-America teams. The number of Terp student-athletes taking national recognition ties the 1993 Maryland squad for the most in school history. Three Terps were selected to the first team.



Carla Tagliente

Three components of the nationally second-rated Terrapin attack were honored with first team recognition, including four-time honoree **Carla Tagliente**, who joins former Terp **Kim Turner** as a four-time selection. She also joins Turner and former Terp **Christine DeBow** (1995-97) in becoming a three-time first team honoree.

Midfielder **Rachel Hiskins** and forward **Keli Smith** became first-time first team selections while **Caroline Walter** was honored for the second time in her career, this time as a second team member.

Members of the Terps' nationally eighth-rated defense were represented on the second team. Backs **Molly Kauffman** and **Autumn Welsh** became first-time All-America selections, both as members of the second team.

Nine Terps Named Mid-Atlantic Regional All-Americans

With more selections than any other program in the nation, nine Maryland Terrapin field hockey student-athletes were named 2000 AstroTurf/NFHCA Division I Regional All-Americans.

Rachel Hiskins, **Carla Tagliente** and **Keli Smith** garnered first team honors, along with two-time first squad selection **Caroline Walter**. Backs **Molly Kauffman** and junior **Autumn Welsh** became two-time first team honorees, while **Lindsay Gorewitz**, **Dina Rizzo** and **Carissa Messimer** took Mid-Atlantic second team honors.

Topping The Charts

The 2000 Terrapins began the season in an enviable but difficult position atop the STX/NFHCA and *Sports Illustrated for Women* polls. Counting the rankings from Maryland's national championship season, the Terps were listed No. 1 for eleven straight votes of the NFHCA coaches, from Oct. 26, 1999 to Oct. 17, 2000.

The Terps dipped to No. 3 with a 13-2 record following a 2-1 loss at Old Dominion. After defeating then-No. 4 Wake Forest and No. 9 Virginia to claim the ACC championship, the squad bounced back to No. 2 before finishing the season at No. 3. Maryland has ranked in the top five in every poll of the last two seasons.

Record Win Streak Concludes At 29 Games

Maryland established a school record 29-game win streak bridging the last two seasons. The streak began on Sept. 10, 1999, with a 6-3 victory over local rival UMBC, and concluded Sept. 23, 2000, against Wake Forest. The Terps' were without a loss for the entire year's time, suffering their prior defeat on Sept. 6, 1999, when the Terps were beaten 5-3 by Old Dominion in Norfolk, Va. on Sept. 6. The second-longest win streak in Terp field hockey history was obliterated by the 29-gamer. That streak came during a 13-game tear in the Terrapins' 1993 national championship season.

Tagliente Rewrites The Record Books

Three-time All-American and four time All-Region selection **Carla Tagliente** moved into the Maryland all-time goals and points lead during the 2000 season. The Honda Award finalist scored her 71st career goal against Virginia Commonwealth on Oct. 15 and tallied her 166th career point on Sept. 23 against Wake Forest to surpass records set by former Terp **Lisa Buente** from 1987-90. The tri-captain finished her career with 73 goals and 187 points atop the field hockey program's all-time charts.

Smith Strikes Again

Three-time All-American **Keli Smith** put up scorching numbers during the 2000 postseason, with four goals and two assists in four ACC and NCAA games played. After sealing Maryland's 3-1 victory over Wake Forest with a second-half goal in the ACC semifinal, the forward led the Terps with two goals and two assists in Maryland's 9-1 shelling of New Hampshire in the NCAA first round. Smith went on to open the scoring — only 57 seconds into the game from just inside the circle — against Princeton in the second round.

One of the great all-time Terrapins, Smith concluded her on-field career ranked seventh in points and assists, and tenth in goals.

Hiskins Among The Leaders

After a school-record setting 67 points in 1999, two-time All-American **Rachel Hiskins** continues to produce. The senior led the 2000 squad with 22 goals and 18 assists for 62 points and merited first team All-America, All Mid-Atlantic Region and All-ACC honors this season.

Rachel Hiskins

Hiskins is a native of Victoria, Australia, and her parents, Ken and Lorraine, came to the U.S. to watch her play for the first time in her collegiate career since Rachel came overseas as a sophomore in 1998. They were in attendance at the 2000 ACC Championships in College Park.

"Arnie" Overcomes To Make An Impact

One of the toughest Terrapins, **Caroline "Arnie" Walter** battled injury for most of the 1999 season and still was granted a second team All-America nod and All-NCAA Tournament honors. Walter played through chronic back pain throughout the year and finished tied for 13th in the nation in goals, 14th in points and fifth in the ACC in both categories. Walter scored points in 18 of the 22 games she played in, and exploded for a career-high four goals at Towson on Sept. 13.

2000 game recaps

Aug. 26

Maryland 9, Huskies 1

COLLEGE PARK, Md. – The Maryland Terrapins and **Carla Tagliente** opened the 2000 field hockey season with a bang at the Artificial Turf Facility, exploding offensively for a 9-1 victory over Connecticut. In a match up of the reigning national champion Terps and semifinalist Huskies, Maryland's barrage featured a 33-9 shot advantage and a three-goal performance by the three-time All-American. The margin of victory was the Terps' largest since a 13-1 rout of Georgetown on Sept. 18, 1999.

After nearly 22 minutes of scoreless hockey, the Terps got on the board when Tagliente punched in a goal from a pass by junior **Caroline Walter**. It was Walter's turn next as senior captain **Molly Kauffman** set her up for the score. The Terps increased their lead to 4-0 by halftime on unassisted goals by sophomores **Angie Klingerman** and **Carissa Messimer**.

The Terps picked up where they started in the second half, as Messimer netted her second tally of the game on a penalty corner. After **Rachel Hiskins** set up junior **Megan Kelly** for a goal, UConn cracked the scoreboard at 29:40 when senior All-American Laura Klein chipped in a rebound. Eleven seconds later Tagliente answered, rifling a pass from senior All-American **Keli Smith**. Tagliente and Hiskins created opportunities for scores later in the half, making the final 9-1.

Aug. 28

Maryland 9, Ohio 1

COLLEGE PARK, Md. – Execution on offense was the name of the Terps' game as the Maryland field hockey squad marked their second 9-1 victory in two contests. The Terrapins, led by **Rachel Hiskins** and **Carla Tagliente**, topped Ohio, outshooting the Bobcats by a 31-7 margin. Hiskins led all scorers with a career-high four goals and an assist for a career-high nine total points, and Tagliente tallied her second consecutive hat trick while adding an assist. With the victory, the Terps extended their school-record win streak to 24 games.

Maryland's first strike came as junior **Caroline Walter** scored the first of her two goals. Hiskins began her tear later in the first period, netting one goal after a **Keli Smith** feed and another from **Dina Rizzo**. After Tagliente's first goal, the Bobcats recorded their lone score when Lauren Mazziotto found Andrea Voros to make the score 4-1 at the half.

Tagliente struck again at the 23:18 mark in the second stanza, beating several Ohio defenders for the unassisted goal. Walter rifled one in on a penalty corner at 15:08, with **Lindsay Gorewitz** making the stick stop and Hiskins assisting with the push. Hiskins recorded goals number three and four on the day at the 9:27 and 6:00 marks, respectively. Tagliente's third score came with 0:00.9 on the clock, as she ripped a penalty stroke into the back of the cage.

Maryland 5, Queen's 4

2 overtimes

COLLEGE PARK, Md. – **Rachel Hiskins** ended a double-overtime battle in style, rifling in the game-winning goal to lead the Maryland Terrapins in a 5-4 victory over the Old Dominion Monarchs. Hiskins' three goals on the day helped the Terps to come back, and then step up in the second extra session to defeat ODU and post her second hat trick in two games.

Old Dominion raced out to a 2-0 lead in the first half, first striking when senior All-American Marina DiGiacomo scored on a penalty corner. ODU extended its lead when DiGiacomo set up freshman Angie Loy at 16:44. The Terps began their comeback as Hiskins blasted a rebound after a **Carla Tagliente** shot was redirected off the pipe at 9:05. Hiskins knotted the game at two on a **Caroline Walter** cross.

The Terps came out firing in the second half, as Walter drove along the baseline and found sophomore **Angie Klingerman** for a score less than four minutes after the break. Tagliente put the Terps up by two at 24:31. The Monarchs would not go quietly, cutting Maryland's lead as DiGiacomo netted another penalty corner and found the cage with 37.8 seconds remaining from just inside the circle.

After a scoreless first overtime period the Terps broke the stalemate. Less than two minutes into the second OT stanza, the ball came loose in front of the cage where it was captured by Hiskins, who wheeled and ripped a shot through ODU keeper Marybeth Freeman.

Freeman finished the game with 10 saves, while Maryland junior **Ashley Hohnstine** stopped three Monarch attempts in impressive performances for both.

Game 5 Sept. 13 — Maryland 7, Towson 1

TOWSON, Md. – **Caroline Walter** netted four goals and the Maryland defense was more suffocating than the warm temperature as the Terrapins downed Towson, 7-1, at Minnegan Stadium. Walter's quartet of scores and eight points were career highs and the Terp backfield limited the Tigers to one goal on two shots in Maryland's 27th consecutive victory.

Maryland opened the scoring when All-American **Keli Smith** fed **Megan Kelly** in front of the cage. Exactly four minutes later, **Carla Tagliente** bounced a shot past Towson keeper Betsy Crossman from 15 yards out to put the Terps up, 2-0. The Terps continued firing as the half went on, with Walter scoring her first goal of the day with 5:10 remaining.

Towson saw a bright spot with 18:55 left in the second half, as Jessie Buchheim scored the Tigers' lone goal. It was all Terps for the rest of the match, as they answered five minutes later when Smith hammered a corner home from Welsh and senior All-American **Rachel Hiskins**. Walter closed out the match with an incredible three-goal flurry. The first came from Simon following a penalty corner at 6:55. She then slapped a goal just under the crossbar at 5:55 again from Simon, and ripped another with 54 seconds remaining to make the final 7-1.

Ashley Hohnstine, **Jackie Reilly** and **Dina Rizzo** split time in goal to collect the victory. Hohnstine stopped the Tigers' only shot in the first half, while Towson goalie Betsy Crossman finished with 20 saves.

Game 6 Sept. 16 — Maryland 2, UMass 0

COLLEGE PARK, Md. – In a match that featured two of the top defenses and goalkeepers in the nation, the Terrapins overcame UMass, 2-0. **Ashley Hohnstine** collected her second shutout of the season as Maryland pounded Minutewoman keeper Zowie Tucker with a 23-5 shot advantage.

The seventh-rated UMass defense was able to keep the Terps off the scoreboard in the first half, but **Carla Tagliente** ended the stalemate in the second stanza at the 9:13 mark when she ripped a left-handed slapshot past Tucker to give the Terps a 1-0 lead. With 6:22 remaining **Caroline Walter** one-timed a pass from **Keli Smith** to put the Terps up by the 2-0 final.

The Maryland backfield stepped up to frustrate the Minutewomen's offense throughout the contest, including a second-half defensive save by **Lindsay Gorewitz**.

Game 7 Sept. 17 — Maryland 11, RU Highlanders 2

COLLEGE PARK, Md. – The No. 1 Maryland field hockey squad set an all-time record with 51 shots and a season-high for goals scored as they rolled over Radford, 11-2. Six different Terrapins scored in the victory, which included a four-goal, 11 point career-high performance by **Rachel Hiskins**. **Carla Tagliente** added a pair of scores and notched an assist.

Hiskins put the Terps on the scoreboard less than five minutes into the match, ripping a rebounded penalty corner attempt by **Keli Smith**. Just over a minute later, Smith found Tagliente in front of the cage for her first score. **Megan Kelly** punched in a rebound at the 3:16 mark to put the Terps up 3-0 at the half.

Maryland continued its onslaught in the second stanza, when **Catherine Rogers** netted the first goal of her collegiate career from Hiskins at 32:48. Hiskins scored an unassisted goal and banged in another from Smith in the next two minutes, before the Australian found Tagliente at 24:51 to give Maryland a 7-0 advantage. Radford's penalty corner unit got the Highlanders on the board at 23:35, but Rogers fed **Carissa Messimer** 59 seconds later for an answer. **Kristy Palchinsky** tallied her first goal on the season on a corner from **Autumn Welsh** and Hiskins. Messimer found the net again at 19:23 to give Maryland a 10-1 lead, and Hiskins made a steal and scored Maryland's final goal at 17:13. Radford's Jamie Harris tacked on a Highlander corner goal at 4:50 to make the final 11-2.

Thirty-five of Maryland's shots were on goal, and Radford's starting keeper, Brooke Peterson put in a fine effort with 21 saves. **Ashley Hohnstine** and freshman **Erica Bicksler** split time in the Terp cage.

Game 8 Sept. 23 — Wake Forest 5, Maryland 3

WINSTON-SALEM, N.C. – **Carla Tagliente** scored a goal and added an assist to move to the top of the Maryland field hockey scoring charts, but it was not enough as the Maryland squad suffered its first defeat of the season, falling 5-3 to Wake Forest at Kentner Stadium. The loss marked the first defeat for the Terrapins since a 5-3 decision at Old Dominion on Sept. 6, 1999, and brought Maryland's school-record 29-game win streak to a conclusion. Tagliente's three points on the day gave her a 167 career total, overtaking Lisa Buente's (1987-90) previous school mark of 165.

The Demon Deacons mounted their first strike only 33 seconds into the first half when Heather Aughinbaugh found the back of the cage following a scramble in front. The Terps answered at the 27:51 mark when Tagliente found **Dina Rizzo** with an endline cross for Rizzo's first goal of the season. The Deacs took a 2-1 advantage when Jennie Shelton tipped in a Jemima Cameron free hit at 20:58, but the Terrapins knotted the match at 2-2 at 17:08 when Tagliente scored on a pass from **Rachel Hiskins**.

Maryland jumped out to a 3-2 lead in the second half when **Caroline Walter** found sophomore **Angie Klingerman** for a score with 28:57 remaining. Demon Deacon Shelton rebounded a saved penalty corner attempt at 27:04 to tie the game again. The Deacs looked to take the lead with 25:31 remaining when senior Jenny Everett was granted a penalty stroke opportunity, but the All-American was stonewalled by a diving **Ashley Hohnstine**, who leapt right to make the stick save.

Maryland junior keeper Hohnstine was solid in the cage, stopping seven shots. Wake's Jamie Tressler made 10 stops to pick up the victory.

CHARLOTTESVILLE, Va. – The No. 1 scoring offense in the nation combined with stellar defense and spectacular goalkeeping as Maryland blanked Virginia to conclude a three game road trip. **Ashley Hohnstine** recorded her fourth shutout of the season as the Terps outshot the Cavaliers, 22-4.

The Terps opened the scoring when **Autumn Welsh** (Macungie, Pa.) buried a penalty stroke for her first score of the season. Less than three minutes later, **Carla Tagliente** fired a shot off a Virginia defender to give the Terps a 2-0 advantage. Maryland increased its lead to 3-0 when **Caroline Walter** bounced a slapshot over Virginia's keeper Becky Worthington. **Rachel Hiskins** made it 4-0 on a fast break at 10:24.

In the second half Hiskins set up **Angie Klingerman** to finalize the score at 5-0.

Hohnstine was perfect in her fourth shutout of the season, stopping two Virginia shots, while **Erica Bicksler** thwarted a pair of Cavalier attempts as well.

COLLEGE PARK, Md. – Six different Terrapins found the back of the net, including **Caroline Walter** and **Dina Rizzo** who each netted a pair of scores, as Maryland rolled over Stanford, 8-1. Maryland enjoyed its largest victory since an 11-2 drubbing of Radford on Sept. 17, outshooting the Cardinal 27-8. **Keli Smith** keyed the Terps' offensive attack, dishing out a career-high three assists.

Maryland's first strike came at the 27:04 mark when Walter one-timed a Smith cross. **Rachel Hiskins** slapped a 10-yarder off a defender and into the net at 24:49. Stanford cut the lead to 2-1 with their lone score, an unassisted goal by Amrit Chima. But **Autumn Welsh** put the Terps up by two again at 15:39 with her second penalty stroke of the year. **Molly Kauffman** was next, tipping in her first goal of 2000. The Terps had a 4-1 halftime lead.

Walter scored her second goal of the game on a penalty corner in the second half, with Hiskins on the push and **Carla Tagliente** making the stick stop. Rizzo then reeled off two consecutive goals, both diving one-timers from Smith. **Carissa Messimer** capped the evening with a fast break goal.

COLLEGE PARK, Md. – **Carissa Messimer** recorded her first hat trick of 2000 and **Ashley Hohnstine** picked up her fifth shutout of the year as Maryland defeated ACC-rival Duke, 4-0.

The sophomore got the Terps on the scoreboard in the first half, finishing off a cross from **Carla Tagliente**. Maryland's stingy defense did not allow a first half shot.

The Terps made it 2-0 in the second when **Caroline Walter** rocketed home a penalty corner. Messimer put the Terps up by three at 8:36, tipping in a pass from **Keli Smith**. She scored her third goal of the day, which was an unassisted rebound of a Walter shot, with 2:40 remaining to make the final 4-0.

Maryland's Hohnstine stopped a pair of Blue Devil shots in the shutout. Duke's Erica Perrier made eight saves.

Maryland 0, Rutgers 3

PISCATAWAY, N.J. – With a 6-3 win over Rutgers, Maryland gave head coach **Missy Meharg** her 200th career victory. The Terp win was keyed by two goals each from **Carla Tagliente** and junior **Megan Kelly**, and two assists by **Keli Smith**.

Tagliente put the Terrapins on the board with her first goal of the night. **Dina Rizzo** gave Maryland a 2-0 halftime lead, punching in a pass from Smith with only three seconds remaining before the whistle.

The Terrapins extended their lead with two goals by Kelly less than a minute apart. The junior's first score came from Smith, and Rizzo assisted on the second. Tagliente netted her second goal to put the Terps up 5-0 before Rutgers strung together three unanswered goals. **Rachel Hiskins** dashed any hopes of a Scarlet Knight comeback thanks to **Carol Senkler's** first assist of the year.

Ashley Hohnstine and **Erica Bicksler** protected the Terp cage, with the upperclassman making three saves. Scarlet Knight senior goalie Abby Joseph made eight saves as the Terps outshot Rutgers by a 26-6 margin.

Game 4 — Oct. 14

Maryland 4, Virginia Commonwealth 0

RICHMOND, Va. – **Carla Tagliente** netted the first-half game-winning score to become Maryland's all-time goals leader as the Terrapins blanked Virginia Commonwealth, 4-0. **Rachel Hiskins** notched a score and two assists and **Ashley Hohnstine** stopped three Ram shots to collect her sixth shutout of the season.

The Terps opened the scoring when Tagliente punched in a pass from Hiskins in the first half. **Carissa Messimer** made it 2-0 at 14:39, tapping a pass from classmate **Angie Klingerman** past Ram keeper Anne Forrester. It was Klingerman's turn next, poking in a pass to put the Terps up 3-0 at the half. Maryland's defense did not allow a shot during the first period.

Hohnstine thwarted all three VCU attempts in the second half before kicking-back **Carli Harris** came in to make a save. The final score of the contest came late in the second stanza when Hiskins netted a goal from **Caroline Walter**.

Game 5 — Oct. 15

Old Dominion 2, Maryland 1

NORFOLK, Va. – Tight defense and tough goalkeeping were the themes in a matchup between the top two scoring offenses in the nation, as Maryland fell, 2-1, to Old Dominion. **Ashley Hohnstine** made a nine saves in the game as ODU's defense limited the Terps to two shots to hang on for the win.

The contest was scoreless through the first period. Hohnstine put on a magnificent first half performance, stopping seven Monarch attempts.

The second half witnessed some offense from both teams. Old Dominion was the first to crack the scoreboard on a fast break goal. Regrouping after a timeout, the Terrapins struck to tie the game, 1-1, when a long up-field pass was delivered to **Caroline Walter** who set up a one-time, backdoor score for **Megan Kelly**. However, the Monarchs answered with a penalty corner goal less than five minutes later.

Game 6 — Oct. 20

Maryland 4, James Madison 0

COLLEGE PARK, Md. – **Ashley Hohnstine** saved six and collected her seventh shutout of the season as Maryland overcame James Madison, 4-0. The fine effort by the Terp keeper marks the fourth time this season Hohnstine has blanked a NFHCA Top 20 opponent. On the offensive front, All-American **Rachel Hiskins** netted the game winner as four different Terrapins found the back of the cage.

Hiskins ripped in the first and eventually decisive goal with 24:03 remaining in the first half after a centering pass by **Molly Kauffman**. Less than five minutes later, **Dina Rizzo** punched in a cross from **Carla Tagliente** to give the Terps a 2-0 advantage. **Caroline Walter** made it 3-0 before the halftime horn with an unassisted goal at 7:06.

The Terps wasted no time in the second half, capping the victory when **Autumn Welsh** bounced in a rebound following her own penalty corner attempt at 32:34. Hohnstine made five second-half saves to frustrate JMU's Liz Sanders, who entered the matchup as the second-leading scorer in the nation.

Senior Amanda Latz and redshirt-sophomore Kiernan Raffo split time in the Dukes' net, with Latz totaling five stops.

Game 11 — Oct. 22

Maryland 1, North Carolina 0

overtime

COLLEGE PARK, Md. – In a well fought, down-to-the-wire battle typical of a Maryland-North Carolina field hockey match, the Tar Heels managed to prevail in overtime, 1-0, over the Terrapins. **Ashley Hohnstine** made three saves in the third consecutive overtime match played between the two schools, and fifth extra-session contest in the past six meetings. Maryland had won the last three: one in strokes, one in double-overtime and one in regulation.

The Terrapins controlled much of the play during the first half, outshooting the Tar Heels 9-4. Key UNC defensive saves on shots by **Caroline Walter** and **Autumn Welsh** and lunging stops by Heel keeper Amy Tran kept the Terps off the scoreboard, while a stingy Terp backfield stifled North Carolina's attack in the scoreless first period.

Both squads' defenses tightened even more in an evenly played second stanza. Hohnstine stopped a pair of Carolina shots while Tran thwarted three Terp attacks.

Thirty seconds into the ensuing overtime period and seven aside play, the Tar Heels were granted a free hit just inside the Terrapins' circle. Abby Martin used that opportunity to fire a pass in front of the Terp cage, where it was tipped just under the crossbar by a diving Kristen McCann for the golden goal.

Game 12 — Oct. 29

Maryland 7, Richmond 0

COLLEGE PARK, Md. – A total team effort on Senior Day helped Maryland to a 7-0 victory over visiting Richmond. A determined Terp offense, paced by **Rachel Hiskins'** two goals and two assists, complemented stellar defense and excellent goaltending to outshoot the Spiders 33-5 and record the team's eighth season shutout.

Moments after the senior salute, **Dina Rizzo** one-timed a Hiskins pass to put Maryland on the scoreboard. **Caroline Walter** rocketed the Terps to a 2-0 lead with a slapshot at 15:11, while consecutive scores by Hiskins at 13:32 and 10:55 put the Terps up 4-0. **Kristy Palchinsky** rifled in a penalty corner at 4:39 to make it 5-0. **Carla Tagliente** broke away and banged in a goal with 4:03 remaining to give the Terrapins a 6-0 advantage – their largest halftime lead of the 2000 season – while the suffocating Maryland defense held the Spiders to one first-half shot.

The second period featured more Terp offense and another score from Rizzo. The junior closed out the scoring with 27:39 to play in the second half.

ACC Semifinal

COLLEGE PARK, Md. – The third-seeded Terrapins notched two first-half goals and added another in the second en route to a 3-1 victory over No. 2 Wake in the semifinal round of the 2000 ACC Field Hockey Championship.

Maryland scored the first goal of the game at 20:40 of the first half, as **Dina Rizzo** collected the rebound from her own shot and fired it over the Demon Deacons' goaltender. The play was set up by **Rachel Hiskins**, who slid a pass to a streaking Rizzo. Wake Forest goaltender **Jamie Tressler** made the save on Rizzo's initial shot, but the Maryland forward was able to redirect the airborne rebound past Tressler.

The Terps made it 2-0 less than three minutes later, as **Caroline Walter** took a pass from senior Hiskins and blasted it home.

Maryland's third goal came in the second half, as **Keli Smith** took a feed from senior **Carla Tagliente** and shot it between the legs of a sprawling Tressler.

The Demon Deacons made it 3-1 on a goal by freshman Katie Ackerman. **Ashley Hohnstine** made the stop on Ackerman's first shot, but the Wake Forest forward was able to make good on her second attempt.

ACC Championship

COLLEGE PARK, Md. – **Carissa Messimer** netted a pair of first-half goals and **Carla Tagliente** banged in another in the second period as third-seeded Maryland overcame the No. 4 Virginia Cavaliers to claim its third-consecutive ACC Field Hockey Championship.

The Terps opened the first half on the attack, scoring at the 31:07 mark when Messimer punched in a rebound to put Maryland up, 1-0. Becky Worthington made two sprawling saves on shots by **Caroline Walter**, but Messimer collected the ricochet on the right side of the cage and tipped it in.

The forward added her second goal when she collected a loose ball off the stick of **Rachel Hiskins**, and slid it in. The Terps took a 2-0 lead and an 11-0 shot advantage into the halftime huddle.

Maryland's Tagliente scored the Terps' third goal of the game in the second period during a wild exchange in front of the Cavalier cage. On a penalty corner attempt by Maryland, junior back **Autumn Welsh**'s shot was batted down by Worthington. **Dina Rizzo** flicked it past the keeper but Virginia's Julia Richardson was there for the defensive save. She attempted to clear the ball but it was tipped by a lunging **Keli Smith**, and Tagliente stepped up and one-timed it home.

NCAA First Round

COLLEGE PARK, Md. — **Keli Smith**, **Dina Rizzo** and **Carissa Messimer** netted two goals apiece as the No. 2 Maryland Terrapins posted a 9-1 victory over No. 20 New Hampshire (14-8) in an NCAA Championship first round game at the Artificial Turf Facility. **Rachel Hiskins** added a goal and three assists on the day and Smith dished out two to finish with five and six points, respectively.

The Terps wasted no time in the first half, scoring when **Autumn Welsh** found Hiskins with a cross on the left side of the cage. Maryland went up 2-0 when Rizzo tipped in a Hiskins shot for her first score at 28:37. Maryland was granted a penalty stroke when Wildcat keeper **Amy Agulay** tripped up Messimer, and Welsh converted on that opportunity at 26:43. Rizzo struck again with a backdoor goal from Hiskins at 23:15, and Smith put the Terps up by five with 20:55 before the break, bouncing in a centering pass from Hiskins. New Hampshire closed out the half with their lone score of the game, when Jessica Russell carried the ball after a corner opportunity and fed Allie Lehman.

Four unanswered second-half goals put the game away for Maryland. Smith notched her second score of the game at 26:29, ripping in an Agulay save. **Megan Kelly** knocked in an attempted penalty corner shot by Smith to put Maryland up by a 7-1 margin. Messimer capped the victory with a pair of scores - the first coming from Welsh at 11:30 and the second from Smith with 8:22 remaining.

Agulay made ten solid saves for the Wildcats as Maryland outshot New Hampshire 32-2. Terp defender Welsh finished with a goal and two assists, displaying some offense out of the backfield.

NCAA Second Round

COLLEGE PARK, Md. – Three consecutive first half goals and a team-wide defensive effort helped No. 2 Maryland over No. 6 Princeton, 3-1, in a NCAA Championship second round match. **Keli Smith** notched the Terps' first score only 57 seconds into the contest as Maryland tallied 26 shots and held Princeton to seven.

Maryland's effort saw most members of the Terp squad wearing bandages above their right eyes. The band-aids united the Terps with teammate **Rachel Hiskins**, who started this afternoon after receiving five stitches as a result of an injury sustained in the NCAA first round.

Maryland added its second goal when junior forward **Dina Rizzo** punched in a hard cross from **Caroline Walter**.

Unhampered by her injury, Hiskins added the Terps' third goal of the period, carrying the ball into the circle and grounding a left-handed, diving shot into the right side of the net.

CAROLINA TAR HEELS 4 1

NCAA Semifinal

NORFOLK, Va. – Despite a valiant effort by the Terrapin seniors, two second-half goals by North Carolina sealed a 4-1 victory over Maryland in a NCAA semifinal match on a wind-swept Foreman Field. The loss came in spite of a 14-7 Maryland shot advantage.

The Terrapins took an early lead, cracking the scoreboard at the 24:56 mark in the first half. **Carissa Messimer** punched in a pass from **Caroline Walter** on a penalty corner opportunity, where **Rachel Hiskins** delivered a push out to **Carla Tagliente**. The All-American slid the pass to Walter, who found Messimer streaking on the right side of the cage.

Both teams came out strong to begin the second period, but with 13:28 to play in the second half, Carolina's McCann struck on an indirect corner. At 9:57 UNC extended its lead to 4-1 on a slapshot by Keller.

Leading the way into the 21st century

- A Carnegie Research-I University
- Member, Assoc. of American Universities (AAU)
- Flagship of the University System of Maryland
- NCAA Division I Athletics

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Thirteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

university of maryland

The Campus

The University of Maryland, College Park is the most comprehensive institution of higher education, research and service in the state. The university offers 100 undergraduate majors, 88 master's programs and 69 doctoral programs in 13 colleges and schools.

The university is one of only 30 public research universities that are members of the prestigious 58-member Association of American Universities. It is classified as a Research-I university by the Carnegie Foundation by virtue of the range of its baccalaureate programs, the amount of federal support received and the number of doctoral degrees awarded each year, sharing that honor with the top research universities in the country.

Among the public universities in the Association of American Universities, Maryland ranks among the top in percentage of African-American undergraduate students. In addition, the university has the largest number of African-Americans and other minority members among its peers.

Flagship Status

In 1988, the University of Maryland, College Park was designated as the flagship institution for the University System of Maryland. As well as pursuing a serious research mission and continuing its high level of service to the state, the university rededicated itself to providing the highest quality graduate and undergraduate education. Increased undergraduate opportunities for research and individual study; the development of the College Park Scholars Program and the expansion of the University Honors Program; the genesis of Honors Humanities and Gemstone; the creation of CORE, the general education program; and the establishment of the Center for Teaching Excellence all affirmed the legislature's designation of flagship.

Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location — just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis — enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

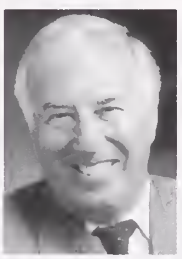
The University of Maryland features a diversity of cultural and recreational activities. Four art galleries, more than 200 annual musical performances and countless dance and theater productions, expose audiences to the broadest range of programs in the arts. Additionally intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

A Wired World

Students at the University of Maryland are part of an academic community that enjoys free access to networked computer resources and facilities that are among the best in the country. Free computer accounts enable users to store class work on a networked server, download classroom support materials and other electronic information from campus networked resources such as inforM, or send electronic mail to faculty, fellow students or friends at other universities.

C.D. Mote Jr.

University President



When C.D. "Dan" Mote Jr. became the 19th president of the University of Maryland on Sept. 1, 1998 he proclaimed it a university "on the move." Three years later, under his guidance, Maryland continues to move – at an ever accelerating rate – on the field, in the classroom, in the community, and in the world.

The University of Maryland is the state of Maryland's most important asset, says Mote: "The future of the state depends on this university."

Fulfilling that responsibility is a big job, but it's a role that Mote is accustomed to, having spent his entire academic career at the University of California at Berkeley, where he earned all his degrees, taught engineering and eventually became vice chancellor for University Relations before coming to Maryland.

One of Mote's first tasks here was to serve on a governor's task force to examine the funding and organization of the University System of Maryland. The result was a 1999 law reaffirming the university's flagship status and a commitment to become one of the best public universities in the nation.

As president, Mote is committed to achieving that goal by creating a culture of excellence and civility across the campus, continuing to emphasize the highest quality education for students, strengthening the university's internal and external connections, and achieving distinction as an institution where discovery takes place every day and everywhere.

The university's progress in each of these areas can be measured by the quality of its programs; the stature of its faculty; the talent of its students; partnerships with business; impact on the state's economy; its ability to apply discoveries to global, national and regional problems; and its world-class, state-of-the-art facilities.

Examples:

- Maryland has 60 programs ranked in the top 25 nationally by *U.S. News and World Report*.
- The faculty includes a Nobelist, six Pulitzer Prize winners and nearly two dozen members of the national academies in their fields.
- The average GPA of entering students improved from 3.00 to 3.72 from 1990 to 2000, while the average SAT score rose from 1173 to 1244.
- In the past year, the university helped to attract Fujitsu Laboratories of America to open a research facility in College Park and helped to establish the Joint Global Change Research Institute, a research partnership between the university and the Pacific Northwest National Laboratory.
- In FY 2001, the university received more than $300 million in research grants and outreach funding.
- The university is adding spectacular new facilities such as the Clarice Smith Performing Arts Center; the Comcast Center, scheduled to open in 2002; and new classrooms for chemistry, computer science, business and engineering; extensive renovations to the Adele Stamp Student Union; and new parking structures.

Under Dan Mote's leadership, Maryland today is truly the state's greatest asset.

Maryland Terrapins

Among The Nation's Best

This is Maryland Athletics

At the University of Maryland, winning is not taken lightly. Like the rich history of all its sports programs, championships are a tradition.

Since the 1950s, Maryland has established itself as one of the most successful athletic programs in the nation. This type of success is no accident; it has been built year-by-year on the achievements of outstanding young men and women who were given the opportunity to excel both on and off the field of play. The victories, the championships and the national acclaim are all ingredients of the Maryland athletics program. Student-athletes who attend Maryland are part of a program and a university which thrives on tradition and excellence.

Academic Excellence

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty and alumni to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletic program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body. Since 1983, 88 percent of freshmen scholarship athletes who completed their eligibility at the University of Maryland earned their degrees.

Goals

The great thing about being a Terrapin is the commitment to hard work and dedication. At the University of Maryland, the athletics department is dedicated to supporting a well-balanced Division I program. Athletics director Deborah A. Yow and her dedicated coaches, administrators and staff have re-engineered the department into a responsive and financially sound model — with a clear vision and a determined drive toward national prominence.

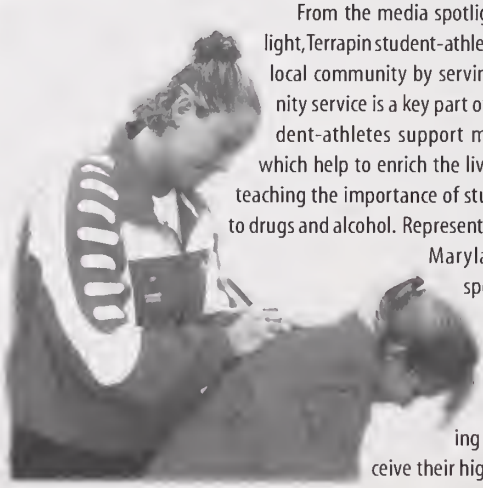
Athletic Success

National championships, conference championships, national rankings and postseason play are all a part of the University of Maryland experience. The University of Maryland has established itself as one of the nation's elite athletics programs. The Terrapins have won 16 national championships, including a record seven consecutive by the women's lacrosse team (pictured). The Terrapins had plenty of reasons to celebrate when it came to intercollegiate athletics in 2000-01, another finish among the top 15 percent of all schools in the Sears Directors' Cup, which measures the overall athletic achievement in men's and women's sports.

Competition

Wearing the Maryland uniform means playing in front of some of the loudest and most supportive fans in the nation. It means playing against the best teams in the country, in the most prestigious conference in the country, the ACC. It means wearing the school colors with pride. It means doing your best in athletics and academics. It is a unique and special feeling being a Terrapin.

Athletes in the Community



From the media spotlight to the community spotlight, Terrapin student-athletes strengthen the ties of the local community by serving as role models. Community service is a key part of the Terrapins' agenda. Student-athletes support many community programs which help to enrich the lives of Maryland youth while teaching the importance of studying hard and saying "no" to drugs and alcohol. Representatives from the University of Maryland athletics department speak to participants and use their image and the appeal of sports to encourage Maryland children to stay in school, improve their reading and writing skills, and to receive their high school diplomas.

Eighth Year at Maryland

Dr. Deborah A. Yow is in the eighth year of her outstanding tenure as director of athletics at the University of Maryland . . . a year in which she also successfully concluded her presidency of the National Association of Collegiate Directors of Athletics, an organization with a membership of more than 6,100 athletic administrators representing 1,600 colleges and universities in North America and Mexico.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony to her values of excellence, teamwork and accountability. Likewise, her election to the presidency of NACDA is an indication of the respect with which Dr. Yow is regarded in intercollegiate athletics and education in the U.S. and Canada.

Last year, Yow was named Female Sports Executive of the Year by the editors of *Street & Smith's Sports Business Journal*. In addition, she received the Carl Maddox Sport Management Award by the United States Sports Academy for excellence in athletics administration.

As a former member of the NCAA Management Council and NCAA Division I Budget Committee, Yow presented a strong voice for excellence and integrity at the highest levels of intercollegiate athletics. In these national roles she has represented the University of Maryland and the Atlantic Coast Conference with a balanced and proactive voice.

Maryland athletics directar Debarah A. Yaw was recently awarded the Carl Maddax Spart Management Award by the United States Sparts Academy.

Yaw with President C.D. Mate at hiring af new faatball caach Ralph Friedgen.

Yaw with Ken Denlinger and Mark Asher af the Washingtan Past.

Since taking over at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization.
- Balanced all seven of the department's annual budgets (the first balanced budgets for the Terrapins in 10 years prior to her arrival). The budget has now reached $33 million annually and the sizable prior debts have been eradicated.
- Greatly enhanced the academic support services provided to student-athletes, with an enviable exhausted eligibility graduation rate of nearly 90 percent during her tenure.
- Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 140 percent and corporate sponsorship revenues have increased by 275 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 25 teams.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area.

The Maryland Department of Athletics has made remarkable progress under Yow's leadership. Regarding the many achievements of Terrapin athletics over the past seven years, Dr. Yow says, "We are pleased, but we are not satisfied . . . our vision is to be one of the top 10 programs in the nation consistently . . . we see no reason to settle for less."

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "raise our sights and sharpen our tools . . . to work hard and work smart . . . to recognize that our only limitations are those that we place upon ourselves."

As a manager and leader, she clearly models these principles. She was recently singled out by *Street & Smith's Sports Business Journal* as one of the leading athletic administrators in the U.S.

A former basketball coach, she began her coaching career at the high school level in North Carolina before taking over as head women's coach at the University of Kentucky in 1976. She also achieved an outstanding coaching record as head coach at the University of Florida. She later moved into athletic administration at the University of Florida and the University of North Carolina-Greensboro, followed by a highly successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics, management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Terrapin athletic program, Yow recently observed, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets and our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all of our successes . . . and the basis for our bright future."

Assistant A.D./Compliance/SWA

Jane Mullens is in her fourth year as assistant athletics director for compliance following two years as the department's compliance coordinator.

She serves as the department's senior level manager in NCAA compliance and certification matters related to recruiting, eligibility, financial aid and rules education.

In February 1999, she was promoted to senior women's administrator. Her responsibilities were expanded to include the supervision of four sports programs: softball, field hockey and men's and women's tennis.

Mullens earned a bachelor's degree from Western Washington University in 1992 and a master's in sport management from the University of Miami (Fla.) in 1994.

She was an assistant in the compliance office at Miami in 1995 before being promoted to compliance coordinator in January 1996. As compliance coordinator for the Hurricanes, she was responsible for creating and implementing a rules-education program and creating and monitoring documentation related to recruiting, eligibility, financial aid and rules education.

She was named to a similar position at the University of Maryland in July 1996. She began her career in athletic compliance as an intern at Miami in 1994.

She is married to Rob Mullens, Maryland's senior associate athletics director for internal operations.

academic support and career development

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Melvin Robinson, Academic Counselor, Field Hockey

Led by associate athletics director Robert Koonce, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in Cole Field House. It features a study center that includes 24 desktop computers, private study cubicles, a tutoring center, classrooms, and individual offices for four professional academic counselors, a learning specialist, an assistant program coordinator, and two graduate assistants. In addition, the center's extended site is located in the Gossett Football Team House, and includes office space for three professional counselors and a 16-station desktop computer center.

Academic courses, programs and services offered by ASCDU include the following:

- Prospective student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Mentor program
- EDCP 108-J (Career decision making and planning)
- EDCP 108-K (College learning strategies and skills)
- UNIV 100/101 (First-year transitions to the university)

Mission

The mission of the unit is (1) to provide quality developmental programs and need based services that will enhance the opportunity to earn an undergraduate degree, (2) offer career development opportunities and (3) support the psychosocial growth of student athletes through special initiatives.

Staff

Nine full-time professionals, two graduate assistants, tutorial support staff and student associates comprise the unit's workforce.

ASCDU & The University

Primary academic advising is provided by professional advisors assigned to each student athlete by his or her home college, school or department. The ASCDU counselors serve as an important support network that coordinates and implements transitional and developmental programs to address the academic and career development needs of student athletes. In cooperation with the Office of Records and Registration, ASCDU monitors academic progress of student athletes to assure that NCAA, ACC, and University rules and regulations are met.

Location

The primary ASCDU unit is conveniently located on the ground floor of Cole Field House where student athletes have access to various resources and services. Each academic counselor has private office space in order to insure meeting privacy. A study table room is staffed by proctors and arranged to maximize student focus and concentration. The facility also houses a tutorial room devoted to servicing the learning needs of student athletes. The staff maintains two computer resource laboratories with a total of 40 personal computers containing up-to-date software packages. In addition, ASCDU coordinates a laptop computer service that provides each team access to laptop computers while traveling to away competitions.

There is also a satellite computer room in the Gossett Football Team House. Three of the nine ASCDU professionals are currently housed in the building.

The Future

In the summer of 2002, the $124 million Comcast Center will become the new home of the ASCDU unit. A 7,000 square foot wing has been developed to replace the current space in Cole Field House. The new home of ASCDU will be conveniently located on the floor where offices of coaches for 20 sports will also be placed. The close proximity was designed to facilitate communication among ASCDU staff, coaches and student athletes. The satellite computer lab in the Gossett Football Team House will continue to operate. In addition, a building addition of an auditorium which will seat 140 is currently planned for the Gossett Football Team House. That space will be available for use by the entire athletic program, including ASCDU.

strength and conditioning

In the highly competitive collegiate hockey world the off-field preparation of the student-athlete is a critical component to the on-field success of any Division I program. Dwight Galt, Maryland's director of strength and conditioning and Barry Kagan, who works with the field hockey team, believe strongly that a solid off-field training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development.

At the University of Maryland, the maximal development of athleticism is the primary goal of the strength and conditioning program. To accomplish this requires more than just strength and power training in the weight room. Speed improvement, agility, flexibility, conditioning, plyometrics, and nutrition also play critical roles. The Terps' strength staff places substantial emphasis on all these areas, with special attention on the improvement of speed potential. Galt and his staff employ a wide range of state-of-the-art training methods to assist in enhancing all aspects of speed development.

The Terps are fortunate to train in one of the premier weight training facilities in the nation. Conveniently located in the Gossett Team House, this facility has excellent aesthetic appeal, with two magnificent skylights and large windows overlooking the field at Byrd Stadium. The Terps' spacious weight room includes 7,200 square feet of functional floor space, with two elevated offices that are easily accessible to the training floor.
